

# Understanding your **LOTEMAX<sup>®</sup> SM** treatment

Learn more at [lotemaxsm.com/patient](https://lotemaxsm.com/patient)

## Indication

LOTEMAX<sup>®</sup> SM (loteprednol etabonate ophthalmic gel) 0.38% is used to treat inflammation and pain following eye surgery.

## Important Safety Information

- LOTE<sup>®</sup>MAX<sup>®</sup> SM should not be used if you have an infection in your eye.
- Before using LOTE<sup>®</sup>MAX<sup>®</sup> SM, turn the closed bottle upside down and shake once to fill the bottle tip. Do not allow the dropper tip to touch any surface, as this may contaminate the gel.
- Do not wear contact lenses when using LOTE<sup>®</sup>MAX<sup>®</sup> SM when your eyes are inflamed.

Please see additional Important Safety Information on the following page.

Please see enclosed full Prescribing Information for LOTE<sup>®</sup>MAX<sup>®</sup> SM.

## WHY LOTEMAX® SM?

### YOUR DOCTOR PRESCRIBED LOTEMAX® SM AS PART OF YOUR TREATMENT PLAN

#### Manage pain and inflammation after ALL eye surgeries

Whether it's for cataract surgery, LASIK, retinal, glaucoma, or any other type of eye surgery, LOTEMAX® SM can be used to treat inflammation and pain in all eye surgeries.

#### Designed to be comfortable on your eyes

- No blurred vision reported in clinical trials
- pH close to human tears
- Comfortable upon use
- Includes moisturizing ingredients
- Low amount of preservatives

#### Important Safety Information (cont'd)

- Contact your doctor if pain develops or if redness, itching, or inflammation becomes aggravated or worsens.
- If you use LOTEMAX® SM for longer than 10 days, your doctor should monitor pressure in your eye.
- Medications such as LOTEMAX® SM may result in cataract formation, or may delay healing after cataract surgery.
- There were no side effects related to LOTEMAX® SM that occurred in more than 1% of subjects dosed three times a day in the clinical studies compared to placebo.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit [www.fda.gov/medwatch](http://www.fda.gov/medwatch) or call 1-800-FDA-1088.

Please see additional Important Safety Information on the first page of this brochure. Please see enclosed full Prescribing Information for LOTEMAX® SM.

## AFTER EYE SURGERY

### By undergoing eye surgery, you've made an important investment in your eyesight

Eye care after surgery is just as important as the surgery itself. Be sure to follow your doctor-recommended treatment plan after surgery. Here are a few things to remember when using LOTEMAX® SM:

No shaking  
required

3x DAILY

Apply one drop of  
LOTEMAX® SM  
three times a day

Same amount  
of treatment in  
every drop,  
every time

Do not wear  
contact lenses  
while your eyes  
are inflamed

#### Important Instruction for Use

Turn the closed bottle upside down and shake **once** to fill bottle tip. No further shaking is required.

#### At the pharmacy

It is important to follow your treatment plan with LOTEMAX® SM as prescribed by your doctor. Remember, there is no generic equivalent for LOTEMAX® SM—**make sure you receive LOTEMAX® SM at the pharmacy.**
